## INTERESTING FACTS FOUND IN RECORDS OF THE VILLAGE

Village Clerk Kaiser in Going Over Minutes of Council Meetings in Red Jacket Has Discovered Data of Interest—Many Whose Names Appear Are Dead or Have Moved Away.

Village Clerk Kaiser of Red Jacket has gone over the minutes of the village since its incorporation and he has found some very interesting data.

It is of interest to note that at one time John Powers, the well known Escanaba attorney, was attorney for the village. John B. Curtis also held that honor for some time, while Attorneys G. J. Larson and W. J. Galbraith have also been village advisors.

To John R. Ryan of Sixth street, must be accredited the palm for holding the office of president of the village the longest period of any. Mr. Ryan was the executive head for seven consecutive terms, relinquishing the office in 1894. Frank H. Schumaker was elected on the resignation of Mr. Ryan, and is still in office, rounding out his fifth consecutive term.

Marshal Joe Trudell holds the record for length of office as marshal. He took hold of the office in May, 1902, seven and one-half years ago. He has been a most efficient officer, winning both the respect and esteem not only of the village officials, but of the general public.

Village Clerk Kaiser took hold of his present duties in 1903, and like Chief Trudell has made good. Always attentive to duty, courteous to those seeking advice or having any business to transact with the office, Mr. Kaiser has made himself generally popular and it is said that he can hold the office as long as he wants it.

It is interesting to go through the records and ascertain who were former presidents, councilmen, officers and employees of the village since its incorporation in the year 1875. Many of those whose names appear are dead or have moved to other parts of the country, but their names are familiar to many, and when mentioned revive old associations and memories.

## SHATTUCK'S NEW MANAGER.

What is considered as an important and significant move was made by the board of directors of the Shattuck-Arizona Copper company at a meeting held in St. Paul Monday when they secured the services of A. B. W. Hodges, manager of the celebrated Granby Copper Mining & Smelting company, for general manager of the Shattuck, says the Duluth News-Tribune. His appointment with the Shattuck company is effective Nov. 1. Mr. Hodges does not quit the Granby company, but in future will serve both interests. He has a splendid organization at the Granby and will have his own organization at the Shattuck.

The news of the appointment of Mr. Hodges as general manager of the Shattuck was reported in Duluth mining circles yesterday, and later was confirmed by Thomas Bardon of Ashland, president of the Shattuck. He returned home from St. Paul via Duluth with A. M. Chisholm and Martin Patton, who are on the board of directors of the Shattuck company, and was at the Spaulding a few hours between trains.

Mr. Bardon was not very communicative but confirmed the report concerning the new manager and said that beyond excellent reports from the development work at the mine there is little to say at present. He also denied the report published in Boston that a deal had been made whereby the Calumet & Arizona Mining company had obtained control of the Shattuck, but that had previously been denied locally.

The significance of the appointment of Mr. Hodges as general manager of the Shattuck would seem to be that the company intends to build a smelter, and also does away with the perennial rumors of a sale of the property.

## CALUMET H. S. WILL HAVE STRONG BASKET BALL TEAM

Locals Will be Represented in Inter-scholastic League, and Although Several Good Men Will be Missing There Are Enough Players Available for a Formidable Aggregation.

The Calumet high school will be represented by a strong team in the race this season for the interscholastic basketball honors. The league will be made up of L'Anse, Lake Linden, Hancock, Houghton and Calumet. The local team has been weakened by loss of Roberts, Curtis and Vivian, but other teams will also be without the services of some of their best last year's players. The following will try out for positions on the Calumet team: Elin, Phillips, Frimodig, Borgo and Boag, and Lavers, James, McClelland and Petermann of last season's team. After a little practice it is thought a strong team can be picked from among these players. The Athletic association will hold a meeting shortly when plans will be made for the coming season. The executive committee, of which E. J. Hall, Calumet high school, is a member, will meet in the near future and draw up the schedule. It is expected it will be arranged to allow each team to meet every other team at least twice. It is probable that the Calumet highs will meet the Michigan college of mines team in several games. Games will also be arranged between the Y. M. C. A. team and the alumni.

**High School Notes.**  
The Calumet high school football eleven has presented Coach Brown with a beautiful silver ring. The gift is in recognition of his services as coach. He has coached the squad for the past two years and both seasons has brought out a strong team. The highs play a post season game with Hancock today. A strong team has been sent to Hancock, the line-up being practically the same that met the Houghton squad last Saturday.

The first quarter of this semester's work will end next week and the teachers are preparing the final tests.

## NOTED SALVATIONISTS.

The Salvation Army revival brigade will arrive in this city on Saturday, Oct. 30, to conduct a series of special services which are to continue through nine days. They will come to Calumet from Ishpeming, where they have been conducting services this week. The brigade will conduct two or three meetings each day. It consists of five members besides the leader, Major Engvall, and as all the members are ex-

MAJ. O. ENGVALL.

perienced it is expected the meetings will be of a very interesting nature. Maj. Engvall has been engaged in Salvation Army work for about twenty years, and his assistants have been connected with the work about ten years. The visitors will be accorded a big reception at the American Salvation Army hall on their arrival, a fine musical program having been prepared for this entertainment.

**ELKS' NEW TEMPLE.**  
The Duluth Elks have extended invitations to the Elks in the Copper Country to participate in the dedication of their beautiful new Temple, October 29th. The South Shore have announced the low fare of \$10.00 for the round trip. Tickets on sale Oct. 27th and 28th, return limit leaving Duluth, Monday, Nov. 1st. 297

## MISS SALISBURY ADVOCATES GIRLS' CLUB FOR CALUMET

Secretary of Associated Charities Bureau, Addresses Calumet Woman's Club on This Subject Yesterday Afternoon and Suggestion is Well Received—Organization May be Formed.

Miss Winnifred Salisbury, secretary of the Calumet Associated Charities Bureau, addressed the Calumet Woman's club yesterday afternoon at the first public session of that body for the season, and in addition to giving a synopsis of her annual report to be presented to the charities board on November 1, advocated the organizing of a girls' club. The suggestion was well taken and it is probable that steps will be taken to organize a club of this kind. It could be made self-sustaining, it is believed. Suitable rooms would be secured where girls of the community could meet daily, learn sewing, cooking and other household affairs, and also have pleasant social times.

Miss Salisbury advocated that the club be conducted on a sort of an independent basis, wherein the girls could manage to run their own club affairs, elect their own officers and do everything in connection with the management of the club without the assistance of any society. A choral class could also be formed so vocal classes could form a part of the club's attractions.

The matter of a local club for Calumet girls is only a suggestion as yet, but there is a good prospect it may become a reality this fall. Already, it is understood, members of the Woman's club are interested, and these, with Miss Salisbury, will probably work out the details for the organization. Yesterday's meeting of the Woman's club was well attended. Mrs. Peter Ruppe sang a solo very pleasingly, and the quartet selections by Mesdames Anderson, Ruppe, Uren and Guck were much appreciated.

## LOCAL BREVITIES.

A rumor is current that Copper City will be incorporated next spring. Matters are being shaped along that line, and it is believed that the residents will apply for a village charter.

M. E. O'Brien is expected home today from Milwaukee where he has been visiting for the past ten days.

Charles Morrison went to Chicago yesterday afternoon on a short business trip.

Mrs. Stephen Tobin is expected home from the Soo tomorrow.

Horace McGinn of Muskegon, is visiting Calumet friends for a few days.

Joel Allen and Mrs. Rowling and child have returned to Detroit, after spending some time here with relatives.

Andrew Hendrickson, popularly known as "Andy" will open the Copper Range cafe on or about November 1. Mr. Hendrickson is engaged in the restaurant business at Laurium at present.

Arrangements have been made by the copper country Elks to secure a special sleeper for the trip to Duluth on Friday evening of next week to take part in the dedication exercises of the new Elks' temple in the Zenith city. It is expected that about thirty Calumet Elks will go.

Harold Davis of Chicago, is visiting with his brother Gerald, of Yellow Jacket.

A son has been born to Mr. and Mrs. John Eddy of the North Tamarack location.

Mrs. Isaac Wilcox of Centennial is seriously ill with pneumonia.

John Tambellini has removed his saloon business to the new Tambellini block on Portland street.

The first quarterly conference of the Calumet M. E. church will be held this evening. Rev. James Pascoe will preside.

The three-year-old son of Mr. and Mrs. John Gaffney of Pine street died yesterday afternoon. The funeral will take place tomorrow afternoon.

Work is being rushed on the installation of the bowling alley at the Elks' temple, and these will be ready for use by the latter part of next week.
